

DUNE HD MAX

4K

Premium full-sized 4Kp60 HDR media player and Smart TV box
with advanced connectivity, Hi-Fi digital audio,
Hi-End toroidal PSU and premium case

Key features:

- Hi-End video quality, HD audio, BD3D, Blu-ray menu
- Hi-Fi digital audio outputs (coaxial S/PDIF, I2S-E) for low-jitter bit-perfect reclocked audio
- Unique hybrid Linux + Android 7.1 software from Dune HD
- Automatic conversion of SDR to HDR
- Professional-grade controls for video output parameters
- Widevine L1
- 1Gbit Ethernet, WiFi 802.11ac, Bluetooth, HDMI input
- USB 3.0, USB Type-C, two 3.5" SATA HDDs slots
- IR input and IR output, RS232 port, Kensington security slot
- Fanless steel case with brushed aluminum front panel and display
- Hi-End toroidal PSU

Specifications

- **Media processor:** Realtek RTD1295 SoC
- **RAM:** 2 GB
- **Flash memory:** 16 GB
- **Ethernet:** 10/100/1000 Mbit/s
- **Wi-Fi:** 802.11b/g/n/ac, Dual Band 2.4/5GHz
- **Bluetooth:** Bluetooth 4.x
- **Connectors:** Connectors: 3.5" SATA HDD rack + 3.5" internal SATA HDD slot, 3x USB 2.0 host, 1x USB 3.0 host, 1x USB Type-C host, HDMI 2.0a, 2nd HDMI audio-only output, RCA composite video, RCA analog stereo audio, optical S/PDIF, coaxial S/PDIF, Hi-Fi coaxial S/PDIF audio output, Hi-Fi I2S-E (RJ45) audio output, 1x IR input, 3x IR output, RS232 port, Ethernet 10/100/1000 Mbit/s, HDMI 2.0 input, Kensington security slot, 220-240/110-120V AC IN
- **4K support:** 4Kp60 video decoding, 4Kp60 video output, 4K HEVC 10-bit, HDR, HDMI 2.0a
- **Video codecs:** HEVC (H.265), HEVC (H.265) 10-bit, H.264, MPEG4, MPEG2, MPEG1, WMV, VC1
- **HD audio support:** yes (including Dolby TrueHD, Dolby Atmos, DTS HD MA, DTS:X)
- **3D video formats:** Side-by-Side, Top-and-Bottom, 3D FullHD (BD3D MVC)
- **Video output framerate:** automatic (according to the played content) and manual; 23.976 Hz support
- **Video output resolution:** automatic (according to the played content) and manual
- **Media sources:** SATA HDD, USB devices (USB HDD, USB flash drive, USB card reader, etc), micro SD card, PC and NAS in local network (SMB, NFS, UPnP/DLNA), other Internet and local network media sources
- **OS:** Android 7.1 + Linux-based Dune HD software + OpenWRT
- **Widevine DRM:** Widevine DRM L1
- **Filesystems:** FAT16/FAT32 (read-write), exFAT (read-write), NTFS (read-write), HFS/HFS+ (Mac OS X) (read-only), EXT2/EXT3/EXT4 (read-write), BTRFS (read-write)
- **Case:** Fanless steel case with brushed aluminum front panel
- **Front panel display:** Multi-segment VFD
- **Audiophile features:** XMOS-based high-fidelity digital audio outputs (coaxial S/PDIF and I2S-E) for low-jitter bit-perfect reclocked audio, with DSD support
- **Hi-End PSU:** Toroidal power transformer
- **Power:** AC ~220-240/110-120V, 50/60Hz
- **Dimensions (W x H x D):** 430mm x 80mm x 275mm
- **RCU:** Full-sized IR RCU with Learning + Bluetooth RCU with AirMouse
