

elipson® | Heritage XLS5

COMPACT LOUDSPEAKER

The Elipson Heritage XLS 15 loudspeaker is inspired by the monitor speakers of the 1970s.

A resolutely vintage and modular aesthetic code thanks to its two supplied bases. But beyond its aesthetic, its musicality comes first

This compact 3-way loudspeaker tuned in bass reflex design with front-firing flared port benefits from a new 30 cm diameter cellulose woofer with a powerful magnet, a new 55mm diameter treated dome midrange covering nearly three octaves and finally a 22mm diameter silk dome tweeter declined from the famous tweeter from our flagship model of the Prestige Facet series.

A fine amplitude of 2dB allows you to adjust the mid and high frequencies levels according to your listening room or auditory affinity. In addition, it is possible to insert a base 7° tilt (supplied) for perfect acoustic phasing or on an optional metal stand that raises it by 19 cm in addition to this inclination.

Energy and control of the bass, definition and relief of the midrange, delicacy and extension of the high frequencies characterize the sonic pleasure of this Elipson Heritage XLS15 loudspeaker.

TECHNICAL

Type

Compact loudspeaker 3 way

Cut-off frequencies

700 & 5000 Hz

Tweeter

Silk dome 0.87"

Sensibility

92 dB / 1m / 1w

Midrange

Coated dome 2.2"

Impedance

6 Ohms

Bass

Cellulose pulp 12"

Recommended amplification

50-200 W

Bass reflex

Front firing

Power (RMS)

200 W

Frequency response

40 Hz - 25 kHz +/- 3 dB
