LEGENDARY SOUND
premium MATERIALS
EASY TO USE

Over **70** years ago

SOMETHING VERY SPECIAL OCCURRED IN
A TINY TIN SHED IN HOPE, ARKANSAS

In 1946 Paul W. Klipsch (PWK) - genius, madman and maverick - designed and hand-built the legendary Klipschorn® loudspeaker with the goal of bringing live music into his living room. He was an American audio pioneer and a true eccentric. PWK gave rise to speaker research and invention that would forever impact generations of music lovers.

Today, in this honored tradition, we move forward, pushing the boundaries of art and science - while driving new technologies - to deliver an ever-incredible listening experience. Remember great sound? We never forgot.

We are the KEEPERS OF THE SOUND®

Listeners appreciate
a lack of distortion.

*-Paul W. Klipsch
Founder*

We take your enjoyment
seriously

PREMIUM THROUGH AND THROUGH

Klipsch materials are meticulously selected - plated aluminum, genuine hardwood, and tanned cowhide - all contribute to a very specific look and feel. We laser etch text to prevent labels from ever wearing off and carefully select wood and leather, not only for their physical beauty, but also their durability and acoustic characteristics. Our goal is to create a product you want to hear, see, and feel. Driver material and shape, tactile weight and feedback, and temperature to the touch - every aspect must be considered.

INDUSTRIAL HI-FI

Hand-assembled with die-cast steel and machined aluminum, Klipsch Heritage HP-3 premium headphones are built to last. Milled wood, triple-vented ear cups create natural warmth and character. Angled sheepskin ear pads provide perfect acoustic depth and distress naturally with age. A hand-stitched premium leather headband adds quality, strength, and becomes more pliable over time.

DYNAMIC KLIPSCH SOUND

Crafted to achieve the high efficiency/low distortion Klipsch sound, the HP-3 extracts every nuance from studio recordings to reveal presence and detail without sacrificing bass. Featuring a recessed 52mm biodynamic driver, this exquisite headphone expands the soundstage to mimic the imaging characteristics of our premium speakers instead of conventional headphones.

EASY TO DRIVE

Compared to other audiophile-grade headphones, the Heritage HP-3 is vastly different because of its high efficiency - one of Paul W. Klipsch's original founding principles in loudspeaker design. With a flat frequency response and low impedance, the Heritage HP-3 will pair well with both high-end amplifiers (such as the Heritage Headphone Amplifier) or standard smart phones.

THOUGHTFUL DETAILS

With a design this beautiful, these headphones are meant to be displayed and enjoyed, not stored in a bag inside a drawer. HP-3 premium headphones come pre-packaged with a custom solid-steel headphone stand, both short (1.37m) and long (2.5m) detachable braided nylon cables, and a custom-fit 1/4" adapter.

AMPLIFY THE EXPERIENCE

The perfect pairing with Klipsch Heritage headphones, the Heritage Headphone Amplifier is built to deliver music cleaner, faster, and with higher energy and dynamics. Featuring an ESS Sabre³² 9018K2M DAC and discrete amplifiers for balanced mode, the Heritage Headphone Amplifier ensures Klipsch headphones reach their true potential.

NO RECEIVER NECESSARY

Forget the clutter, hassle, and added expense of a receiver or amplifier. Powered by an integrated high-output 200W amplifier, The Sixes efficiently deliver enough power to fill the largest open floor plans with sculpted acoustic goodness.

TRUE HIGH FIDELITY

The Sixes feature 1" titanium tweeters on Tractrix® horns - the driving force behind the stunningly precise Klipsch acoustics. Each powered monitor features a 6 1/2" long-throw woofer and is ported to provide enhanced bass. The Sixes also include a subwoofer output so you can easily add a powered sub to the system.

PERHAPS THE MOST VERSATILE SPEAKERS EVER

Whether you are connecting to a turntable, television, computer, or smart phone, The Sixes powered monitors provide the audio solution. The Sixes come equipped with an integrated phono pre-amp, *Bluetooth*® wireless technology, digital optical, analog RCA and USB inputs, allowing you to enjoy superior stereo sound from virtually any source. 192kHz / 24-bit decoding delivers astounding reproduction of high resolution audio tracks.

One*

PROFESSIONALLY TUNED STEREO SOUND

The diminutively sized Klipsch One is a 2.1 stereo system - bi-amplified for audiophile resolution. It features two 2.25" full range drivers and a 4.5" woofer that are professionally tuned by Klipsch acousticians to deliver a crystal clear performance with great bass. You'll be surprised at the sound quality that comes from such a small package.

BLUETOOTH® WIRELESS TECHNOLOGY

Enjoy streaming internet services, internet radio, or content stored on your phone or tablet via *Bluetooth*® 4.0 wireless technology.

8-HOUR RECHARGEABLE BATTERY

An 8-hour rechargeable lithium ion battery allows you to move the speaker from room to room throughout your home.

3.5mm ANALOG AUDIO INPUT

Enjoy high quality sound from your CD player, computer (via the headphone output jack), Blu-ray® player, or any audio source. Connects easily via 3.5mm to 3.5mm audio cable or an RCA to 3.5mm audio cable.

WIRELESS

the Three

LEGENDARY SOUND QUALITY

The Three is the bigger, badder brother of The One. Designed to stay in one place, it doubles down on acoustic prowess in exchange for portability, then adds a rich assortment of inputs to receive tunes from just about any device.

GREAT AUDIO FROM A TURNTABLE OR WHATEVER'S IN YOUR POCKET

Connect your turntable, computer, CD player, smart phone or tablet and enjoy superior stereo sound from a beautifully crafted system. 192kHz / 24-bit decoding delivers astounding reproduction of high resolution audio tracks.

WIRELESS MULTI-ROOM READY

The Three is part of the Klipsch Stream Wireless Multi-Room System, powered by DTS® Play-Fi. Klipsch Stream distributes your favorite music from a variety of sources throughout your home using your Wi-Fi network. Expand the system to add additional rooms of great sound with other Klipsch Stream Wireless Multi-Room audio products.

WE NEVER, *ever* STOP INNOVATING

For over 70 years, Klipsch has designed and engineered its products in-house with some of the most talented, skilled and passionate people in the industry - starting with our founder, Paul W. Klipsch (PWK), in a tin shed in Hope, Arkansas. Today, our advanced acoustic research and development continues at our state-of-the-art facility in Indianapolis, Indiana. The world-class Klipsch Design & Technology Center is home to some of the most brilliant minds in consumer electronics and some of the most legendary products the industry has ever heard. We continue to innovate, honoring the principals and ideals of PWK, reaching ever-farther towards that perfect sound.

TWO AMERICAN *legends* CRANK IT UP

The Rock and Roll Hall of Fame and Museum is home to some of the most iconic and legendary stories and memorabilia in music history.

The museum and Rock and Roll Hall of Fame Induction Ceremony are monuments for both preserving and celebrating the live music experience. Similarly, Klipsch was founded to create amazing loudspeakers and headphones that could efficiently and accurately

reproduce live music's power, detail and emotion. Loud and proud, these two iconic brands are a natural fit.
