

# STUDIO8 SERIES

Embodying the spirit of the Jamo brand, the Studio 8 series of speakers delivers contemporary design, high performance, and balanced, natural sound.

Jam50

## **JAMO STUDIO 8 SERIES**

The new Jamo Studio 8 series has been reimagined to live seamlessly in modern, premium environments. Contemporary material and finish choices – such as wood grain accents, matte vinyl finishes and magnetic woven linen grilles – accentuate the clean, minimalist lines of this European design. The Studio 8 compact cabinet designs are an ideal solution for urban living spaces around the world.

Building on classic Jamo acoustics, the new Studio 8 Series brings high design and high performance to any budget. An exclusive connection system allows easy integration of Dolby Atmos® elevation modules without the use of additional speaker wires, for a truly minimal aesthetic.

PERFORMANCE AND  
VALUE REDESIGNED

# OFFER

# BEAUTIFUL DESIGN AND CONTEMPORARY STYLE

Fully magnetic grilles —  
no mounting holes or push  
pins — for a clean, minimalistic  
front baffle design.

Large-weave linen grilles create visual interest with heavy texture. Heather gray for white models, and charcoal gray for black or walnut models.

## STUDIO8 SERIES

Wood grain accents around the tweeters, at the bases and feet give a handcrafted, natural look.

**Jam50**

A 3° cabinet taper accentuates the slim design aesthetic.

Jamo

**STUDIO8** SERIES

Trim rings cover fasteners around the woofers for an elegant, clean appearance.

# THOUGHTFUL FEATURES AND CLEAN LINES

All Jamo Studio 8 models are available in three finishes — black, white and walnut.

SEAMLESS  
**DOLBY** ATMOS®  
INTEGRATION

Dolby Atmos® enabled speakers deliver sound that comes alive from all directions, including overhead, filling any room with astonishing clarity, detail, and depth.

**STUDIO8** SERIES

↑ Grilles slide up on S 809 and S 807 tower speakers to align with the elevation speaker. This creates a continuous, clean line for a seamless appearance.

The elevation speaker's metal feet align with patent-pending integrated conductive metal contacts on Dolby Atmos enabled tower and bookshelf models. The back of the speaker has a clean design, free from any inputs or wires.

**Jam50**

## STUDIO8 SERIES

Shallow depth cabinets of the S 810 SUB and S 808 SUB models allow the subwoofer to be placed vertically or horizontally against the wall, or even on their side to be tucked out of sight under furniture.

A bottom-mounted amplifier provides orientation flexibility and a clean look.

# SLIM LINE VERSATILE SUBWOOFER

90° power plug minimizes  
the subwoofer's footprint  
when placed against a wall  
or furniture.
